Real Estate for Sale.

HERE IS A CHANCE TO GET A FINE old Virginia plantation for nothing—840 acres, \$10.000. This fine old farm is located in Middle Virginia, about three miles from a lovely little railroad city of \$5.50 inhabitants, two miles from a railroad station, six miles from the county seat and within eight miles of another large, thriving railroad town. You can drive to it from the station in twenty minutes over a good road. Two hundred and fifty acres of this land is in crops, the balance of the land in fine, thrifty timber, estimated to cut 4,000,000 feet, of which 2,000,000 feet is extra high-grade pine timber that can be retailed on the property at the top prices. In fact, there is more than enough timber and we mean when we stated above that this was an opportunity to get this line farm for nothing. This seems to be a natural grass soil, and there is good grazing right in the woodlands for 1,000 sheep and many cartile. Another strong point in favor of this farm is that there is no waste land on the entire farm, and it will all make fine agricultural land after the timber has been removed. The property is watered by creeks, springs and wells, never failing running water over the entire farm. There are three sets of buildings on the entire property, some of them habitable; also a good orchard. This is a splendid neighborhood, good churches, both in the nearby towns and in the towns and one right on the property. Terms on application. Write to-day, WILES LAND COMPANY, INCORPORATED, 1114 East Main Street, Richmond.
